It was a cull day in baseball- yesterday. Rain interfered with several of the scheduled events, and the Giants interest centres, were not on the cards. They will do a double act this afternoon, and the Giants will have grab both to regain their lost

Governor Dix is tired of the new boxing law in New York, and he is using his efforts to have it revoked. Somehow or other the men manipulating the game in the big city don't seem to be able to tote fau' long enough to give the real fellows a chamee.

Richmond College will make its appearance for 1911 on the gridiron this afternoon, when the collegians mix it with the Maryland agricultural College. Final practice was held yesterday, and Coach Honaker is well satisfied with the progress the men have made. As no line is obtainable on the visitors, one will have to form his opinion largely on faith, it will be a good game, however, and a large crowd should cheer the college.

Arrangements have been made take the All-Stars and the Athletic on an automobile tour of the cit when the players arrive here for the when the players arrive here for the game on October 11. They will arrive tour will be before the game. Dr. Hagby says that he will not recognize mail orders unless a self-addressed stamped envelope for reply is inclosed. The tickets go on sale Monday morning at 9 o'clock at 821 East Main Street, It is believed that the supply will be exhausted in a very few days.

The Olympias and the Barton Heights elevens will get together this afternoon in Barton Heights, while the All-Preps will have a game at Byrd Park with the Medicos.

Everybody is getting in line for the bowling meeting to be held Monda? night at Murphy's Hotel. It looks now that there will be a number of women on hand to form a women's league. The more the merrier, and the fair sex might have a salutary effect on the sterner attendants.

No meeting of the Virginia League will be held until November 6, the date set at the previous meeting. It might have been well to call the meeting earlier, so that all of the business transacted could have been completed, but Williams probably knows what he is delige.

Now that the work of the rules committee has been completed, it might not be a bad idea for the amateur baseball enthusiasts to get together and start doing things. The date on which applications must be in the hand of Secretary Hopper is October 15. He will likely call a meeting immediately after that date.

The hunting season is with us, and the country is full of embryonic Nim-rods. So far no unprecedented kills have been reported.
